Prepare both a summary paragraph and a general description of the resource and its various elements as it exists today.

This 3 bay by 2 bay Victorian frame structure is gable-roofed with a porch which stretches across the front of the building. It contains significant design features such as 2 over 2 double hung sash windows (on front facade); on the rear facade are found a number of 6 over 6 double-hung sash windows, in all probability re-used from another building. Behind this building is a small board-and-batten wood storage shed, original use unknown.
